

Engineer Pensioned At 80, Rachar Given Job And Perquisites

O'HALLORAN WILL RECEIVE
\$10 A WEEK FOR
REST OF HIS LIFE

COUNCIL AGREES

Eighty years of age and 43 years in the town's service, Wm. H. O'Halloran, waterworks engineer, was retired on a pension of \$10 a week, at a town council meeting on Monday evening.

Councillor Arthur D. Evans, chairman of the water and light committee, said that provincial legislation permitted the voting of a pension to an employee of more than 20 years standing.

"Mr. O'Halloran has been receiving \$1,300 a year for the last three years, in addition to a free house, free heat and free electricity," said Mr. Evans.

The same by-law appointed C. C. Rachar, now electrical superintendent, as waterworks engineer as well, to receive, in addition to his present salary of \$1,850, free use of the dwelling-house, free light, heat, water and telephone, effective May 1, 1940.

Reeve F. A. Lundy asked if it might not be a better plan to leave Mr. O'Halloran on the payroll in a consulting capacity.

"Some large firms find it desirable to retire employees on a small wage and let them come in on the office occasionally, and feel that they are doing something in return for the money they are receiving," said Mr. Evans.

"Mr. O'Halloran has been 43 years in the employ of the town, and is now 80 years of age," said Mr. Evans. "To keep him on the payroll at \$520 a year would be a demotion. He should be free, and free from future uncertainty. No one will be more ready to give advice than Mr. O'Halloran. I am prepared to move that he be given a month's holiday at full pay this summer to visit his people in appreciation of what he has done for the town. There is a saving of \$500 a year to the town."

"You will be setting a precedent for other employees," said Reeve Lundy.

If we can make Mr. O'Halloran's old age happier with this small remuneration, I agree we should do so," said Mayor Dr. S. J. Boyd.

"I agree with Mr. Lundy that it should be done in some other way," said Councillor Wm. Dixon. "Mr. O'Halloran has been well paid and we are now asking citizens who have received less to contribute to his pension."

"That is true, but the fact remains that there is a saving to the citizens of \$500 a year," said Mr. Evans.

"We could retain Mr. O'Halloran on the payroll in an advisory capacity, but it would be easy for a new council to set that aside and have his salary," said Councillor J. L. Spillite. "He is entitled to some consideration."

"The arrangement couldn't be set aside by a future council," the mayor queried N. L. Matthews, K. C. clerk and solicitor.

"That's right," said Mr. Matthews. Councillor D. O. Mungovan said that he approved of the pension as a reward for long service.

Councillor Frank Bowser asked whether Mr. Rachar would take over responsibility for the fire alarm, now worked manually at the water-works. Mr. Rachar would be responsible all the time except Sunday, and he would be responsible every fifth Sunday. Other members of the staff would be on duty on the other four Sundays, said Mr. Evans.

"I have nothing against Mr. Rachar, or anybody else, but is the committee opening itself to criticism by not calling for applications for this position?" asked Reeve Lundy.

"We have a saving for last month of \$200, as a result of Mr. Rachar's ideas," said Mr. Evans. "He has saved his salary this year and last. The McClintock report shows that Mr. Rachar's ideas were right."

Mr. Evans read a letter regarding Mr. Rachar, from H. R. McClintock, which Mr. Evans said he had held back for a year. Under date of April 22, 1939, Mr. McClintock wrote: "He is a very competent man, quite capable of handling any matter which normally comes under the jurisdiction of anyone in his position. He is very loyal to

the interests of the town and we believe you would make no mistake in supporting him."

Mr. Evans said that Mr. Rachar had come to Newmarket at a sacrifice of \$25 a month in salary on the understanding that he would have free use of the residence.

"Let me say this for Mr. Rachar, that he has done what even an ex-warden of the county, P. W. Pearson, who made the electric department a hobby, was never able to do, namely, to sell the off-peak power," said Mr. Lundy.

Mr. Dixon suggested that Mr. Rachar should not receive free light, heat and water. Councillor D. O. Mungovan suggested that Mr. Rachar be paid entirely in cash instead of in this way. A motion to delete the clause was defeated.

QUERIES MOTIVES OF WAR EFFORT CRITICS

"On the eve of voting in this general election I ask that the electors of North York consider seriously and calmly the important duty of casting a vote on Tuesday, March 25," said Col. W. P. Mulock, Liberal candidate in North York, this week.

"I am satisfied," he said, "if you weigh the true facts of Canada's war effort and the extreme seriousness of the world situation you will agree that war-time is no time to change, and that at this critical time Canada needs the guidance of experienced, tried and trusted leadership."

Dealing with criticism which has been directed at Canada's war effort, Col. Mulock declared that "the people should compare the petty, irresponsible, misleading and utterly false statements of many of those politically opposing the present government, with the generous praise of distinguished Empire leaders."

"Who," he asked, "have criticized Canada's war efforts besides those who are interested in advancing their own political interests?"

"In comparison with the heated criticism of Canada's war efforts by those desperately seeking political advantage of those well qualified to speak. Just to mention one there is the case of the Hon. Dr. D. M. Sutherland, identified with the Canadian militia for 13 years, and who was minister of defence in the Conservative government of Rt. Hon. R. B. Bennett. In a published statement referring to the criticism of Canada's war effort, Dr. Sutherland said, 'I think the government has been doing everything that could possibly be done. I am convinced of that.'"

Col. Mulock is receiving enthusiastic support, say party workers, in all parts of the constituency and his record of faithful and devoted service to the riding has won him widespread support of people of all party affiliations, who recognize that genuine and sincere service deserves recognition.

"This arrangement couldn't be set aside by a future council," the mayor queried N. L. Matthews, K. C. clerk and solicitor.

STATES CHILD NEEDS SENSE OF SECURITY

HOME AND SCHOOLERS
HEAR OF DIFFICULTIES
OF TODAY'S CHILD

EDITOR IS SPEAKER

The regular monthly meeting of the Newmarket Home and School Association was held in the Stuart Scott school on Tuesday evening.

Following the opening exercises, singing and general business, Lois Goss, rendered a most delightful solo, "It's quiet down here." Lily Harris played the accompaniment.

The speaker of the evening, Miss Louise Richardson Rorke, journalist of Pickering, Ont., was introduced by Mrs. Burton Hill. Miss Rorke is authoress of the book, "Lefty," and is also editor of the Canadian Teacher. Her subject was "A sense of security, the need of the child."

In introducing her subject, Miss Rorke spoke of the Eskimo children's lack of fear and their trust and confidence in all humans.

"This is due to the sheltered and protected guarded family life these children live, without the frightful nervous strain felt in so many of our Canadian homes, from the rush and excitement of our everyday living," she said.

"When children lack the sense of physical security, they do not grow up normally, nor adjust themselves well to other people and situations around them. They become restless, furtive, nervous."

"We cannot live like Eskimos but we can offset in a large degree this nervous strain of living by teaching and living in our homes quiet, tranquil, well-controlled lives. Controversial subjects and family worries, financial and others, should never be discussed before children. Children grasp much more than adults fancy and they are capable of tremendous worry of a very upsetting nature to themselves."

"Our age is truly one of haste compared with our childhood days. The present mode of travel, the knowledge of world affairs, the amassing of wealth, competition in employment and the strain on workers from worry over the pushing of efficiency experts, etc., take a vast toll of our nervous systems."

"All this nervous strain has a particularly telling effect on the offspring of today."

"In Ontario alone there were 17,972 mental cases in our hospitals last year. A large percentage of these were school children who had suffered severe nervous breakdowns, etc. This figure showed an increase of 2,000 cases over the previous year. What is Ontario doing to her young people? Must the brakes not be applied soon?"

"No child should be allowed to decide for himself the hours of rest he will take, the food he will eat and will not eat, nor the clothing he will or will not wear. Parents must sense their responsibilities to their child and their child's health security."

"The child is entitled to a home where he can have his time of quiet, his time of play and his time of fellowship with books, toys, games, friends and parents. And a child is also entitled to learn to love and revere God and God's teachings in his parents' home."

"Parents! If our children come to grief, we too come to grief. It behooves all to discover the sense of security and how we may help our children to attain it."

"The child is entitled to a home where he can have his time of quiet, his time of play and his time of fellowship with books, toys, games, friends and parents. And a child is also entitled to learn to love and revere God and God's teachings in his parents' home."

NATIVE OF NEWMARKET DIES IN VANCOUVER

Presented last year with the "Good Citizen" medal awarded annually by the Native Sons of British Columbia, Rev. Dr. J. S. Henderson of Vancouver died there on Monday after a long illness.

A pioneer Presbyterian minister, Dr. Henderson was born in Newmarket. He was ordained in 1883 and went to the west 20 years later. He was secretary of social services for the Presbyterian church in Canada.

HUNCH PROVES RIGHT

Acting on a hunch that two men who asked for a chance to shovel snow were not bona fide lookers for work, S. J. Marwood, north Main St. garage proprietor, last week phoned Chief Constable James Sloss.

Chief Sloss looked the men up and found that they had police records and had been visiting the town's garages. He warned them to get out of town.

RELIEF DECREASED

Relief in February, 1940, cost \$1,271.25, compared with \$1,693.64 in February, 1939, Councillor A. V. Higginson reported to the town council on Monday evening. The number of recipients had gone down from 209 to 151.

MARRITT GRAINS TAKE AWARDS AT SEED FAIR

In spite of the icy roads and heavy snowfall last Thursday, about 200 farmers of the county turned out for the fourth annual York county seed fair at Richmond Hill, the local agricultural society acting as hosts to the County Crop Improvement association, which conducts the fair. There were 74 entries, a slight drop from last year, due to weather, and also to a new rule requiring a government grade on all exhibits.

The fall wheat, barley, oat and potato classes were particularly well filled, the latter indicating an increased number of farmers producing certified seed potatoes.

Dr. G. P. McRobbie of the Ontario Agricultural college delivered a most informative address on the place and value of various varieties of grains and explained the development of hybrid corn with its advantages over standard varieties.

E. F. Morwick of the soils department at the O.A.C. gave a summary of the York county soil tests.

A talking picture, "The Black Scourge," illustrated how smut attacks grain and how it can be controlled by seed treatment.

Among the winners in the exhibits were: Frank and Wm. Marritt, Keswick, fourth for fall wheat; Frank and Wm. Marritt, second for late oats; Neil Farris, Newmarket, seventh for late oats; Jack Farris, Gormley, first for field peas; Frank and Wm. Marritt, Keswick, first for early oats; Earl Empingham, Gormley, second for early oats; Earl Empingham, first for red clover; John Smith, Gormley, second for red clover.

Frank and Wm. Marritt, Keswick, third for registered oats; Neil Farris, Newmarket, fifth for registered oats; Wm. E. Gohn, Gormley, second for early potatoes; Wm. Baker, King, first for late potatoes; John Smith, Gormley, second for late potatoes; N. P. Kelley, Newmarket, third for late potatoes; H. E. Oliver, Gormley, fourth for late potatoes. A special prize was won by the Victoria Square Junior Farmers' club.

The officers of the Crop Improvement Association are: president, H. P. Charles, Richmond Hill; vice-pres., Thos. Blackburn, Kettleby; sec-treas., W. M. Cockburn, Newmarket.

The Schomberg Agricultural Society has extended an invitation to have the seed fair at Schomberg in 1941.

JUNIOR FARMERS WILL PRESENT ONE-ACT PLAYS

With Easter week fast approaching, the Junior farmer clubs of York county are busy rehearsing their one-act plays for the 5th annual drama festival which will be held at Pickering College, on Thursday and Friday, March 28 and 29.

There are six clubs competing this year as compared with four last year and G. K. T. Alderson of Toronto High School of Commerce has been secured to adjudicate the plays.

The Junior farmer groups have made wonderful progress and put up their sets and run off their plays like regular troupers. They are only allowed ten minutes to set up their stage.

The groups competing this year are: Thursday, Mar. 28: Stouffville, "The Boys Come Home"; Victoria Square, "The Rest Cure"; Nobleton, "Up North."

Friday, March 29: Sharon, "Buddy Answers an Ad"; Vellore, "Spreading the News"; Unionville, "Brothers in Arms."

Patrons should plan to be seated by 8 p.m. as the doors will positively be closed as the curtain rises at 8.15. Since the plays are in competition, none can be allowed to enter or leave during a play.

SOLDIERS UNEQUIPPED, EARL ROWE DECLARES

"It was only the persistent demands of loyal Canadian people that forced Mackenzie King to stand by Great Britain," said Rev. Capt. George M. Dix, national government candidate, speaking to a crowd of 500 in Newmarket town hall last Saturday evening.

Hon. Earl Rowe spoke on behalf of the candidate and during the course of his address carried on a conversation with a soldier in uniform, who was a member of the audience. When questioned the soldier stated that he belonged to an artillery unit which had one gun, an eighteen-pounder, which was obsolete and couldn't be fired.

"Well ladies and gentlemen," said Mr. Rowe, "that just shows you how well prepared Mackenzie King and his Liberal government is for this war. We don't need men like this at the head of our government when fine-looking chaps like this young fellow have to travel across the ocean before he can learn how to handle a gun. Why it is ridiculous!"

Fred Gardiner, reeve of Forest Hill Village, stated that while motoring he had picked up a member of the Cobourg artillery who freely admitted that neither he nor his 167 buddies had seen modern guns or even heard a shot fired.

E. C. BOGART SPEAKS AT R. S. A. BANQUET

Speaking at the annual memorial banquet in memory of the highly esteemed and staunch friend of the R.S.A. Bugle Band, the late Edgar A. Bogart, who died Dec. 1, 1938, Ernest C. Bogart gave an inspiring talk to over 100 boys and guests last Friday evening in the Bugle Band hall and happily recalled his boyhood days around Newmarket.

The ladies associated with the band organization provided a most appetizing supper. Tribute was paid by Chairman H. E. Lambert to one who had meant so much to the boys and who died a few weeks ago. Mrs. Wm. E. Andrews, Wm. White and Ronald Watt provided the music.

In proposing the toast to the town, J. E. Nesbitt spoke of the importance of the band to the town as a great advertising medium and referred to how the Newmarket junior hockey champions of a few years back had boosted Newmarket.

Mayor Dr. S. J. Boyd responded to the toast to the town and expressed his pleasure in the success of the band. He said he was proud of the boys and more so, "because they came home in good shape" after visits to other towns and cities.

J. O. Little, one of the best friends and boosters of the bandmen in Newmarket, spoke introduced as a "silver-tongued orator," Alfred Harden, a member of the band, paid his respects on behalf of the members to the band leaders.

Reeve F. A. Lundy proposed the toast to the guest speaker, Ernest C. Bogart.

AURORAN MAY GET SURPRISE INHERITANCE

Mayor J. M. Wallon left today for Chicago as ambassador for 85-year-old Michael Hurley, Mosty St., whose brother, George Hurley, lies ill in a Chicago hospital. He was found in a cheap rooming house in the windy city unconscious, and among his effects was found \$35,000 in cash carefully secreted about his room. He is not expected to recover.

George Hurley, who is now 73, left this district over 49 years ago and was heard from only at intervals. Michael Hurley, along with a sister, Mrs. Minnie O'Connor, in the House of Providence, Toronto, Daniel Hurley of Brandon, Manitoba, and a nephew as yet untraced are the unexpected prospective heirs.

TANNERS TAKE LEAGUE CROWN FOR THIRD TIME

DAVIS TEAM DEFEATS
SPECIALTY 4-2 TO
END SERIES

TEASDALE REFEREES

By GEO. HASKETT, JR.

Displaying their best form of the season, the Davis Leather club claimed their third mercantile league championship, by emerging on the long end of a four to two count over their old factory rivals, the Office Specialty. The game was played at the local ice gardens last Thursday before one of the largest, most enthusiastic crowds of the current mercantile season.

Play got under way with a bang, both clubs tearing in with a will and carrying the play at top speed into their rivals' territory. The tanners took over the lead at the six-minute mark, on the only score of the opening period, Bill Townsley being the marksman and with "Shorty" Wrightman earning an assist on the play.

The Greenshirts came out in the second, sending four men up on many occasions and keeping the north-enders bottled up in their own end. They were finally able to draw up on even terms when Arch Bennitz counted from a scramble in front of the Davis citadel. Three minutes later Wal Groves again handed the lead to the leather-makers, taking "Penny" Townsley's pass and rapping it home. The tanners lost the services of their star centre at this point, when Bohmer Groves was injured and had to leave the ice for the balance of the contest, "Shorty" Wrightman doing double duty at the centre ice spot from then on.

The final period saw the tanners taking command and counting twice, the first coming on a nice combination effort, Mitchell to Wrightman to Sonny Townsley, the latter firing the shot home from point blank range. "Shorty" Wrightman, who was playing top notch hockey all night, noticed the tanners' second score of the period after taking a pass from Ross Smart. Stan Evans counted the lone goal of the period for the Specialty, when he knocked down a pass out from behind the net and fired the shot home through a maze of sticks and legs, giving "Mickey" Smith, tanners' net-minder, no chance to save.

Graham "Tiny" Teasdale, late of Syracuse Stars of the Canadian-American League, looked after the refereeing chore in a very capable manner, and kept the lads well under control at all times. The old maestro of the baton, Alex. Belugin, again headed the Davis Leather band and provided some peppy tunes before the game and at rest periods.

It is hoped that in the very near future the Mercantile League will be able to hold a banquet for the entire four teams; so as to wind up one of the best mercantile seasons to date in fitting manner.

FORMER QUEENSVILLE BOYS "SEE" SCOTLAND

Two Canadian soldiers, Gunners Geo. W. Miller and Wm. S. Miller, sons of Mr. and Mrs. Samuel Miller, 137 Cambridge St., Galt, and well-known in the Queensville district, where they grew up, are the subject of an item in the Stirling, Scotland, Sentinel of Jan. 9.

The article goes on to say that the two brothers were the "first foot" for 1940 to the Church of the Holy Rude. This is described as an old Scottish custom by which a child, on the occasion of its first outing, carries a cake to be given to the first person encountered. The boys had been "doing the sights" and manifested considerable interest in the church, which they were shown through.

They were also permitted to explore the grounds of Stirling Castle, where they were shown the historical features of the ancient fortress and viewed the matchless landscape lying all around it.

Many of their old friends in Queensville join with Mr. and Mrs. Miller in wishing them the best of luck and a speedy return.

WHITBY TEAM ELIMINATES SUTTON FROM PLAY-OFFS

NEWSPAPERS AND ELECTIONS

A friend said to the writer of these columns last week: "I read your editorial on the election and I couldn't figure out which way you were going to vote." That was a fair criticism, because many newspapers are busy telling their readers how to vote. Not only do they tell them how to vote but they supply them with the kind of news reports that are likely to make readers think that they have independently reached the same conclusion as the editorial writers. That is a successful type of journalism. People like certainties. Few people like to weigh conflicting opinions and statements and to reach conclusions for themselves. Many like to have their opinions manufactured for them, and they like to be told what they should think, if not blatantly in editorial columns, at least subtly in news columns which distort and emphasize as they please.

The ideal of a newspaper which the publishers of The Era hold is that it should have lots of opinions and express them freely on the editorial page and that it should at the same time try to present the opinions of other people in its news columns without regard to its own opinions. The Era not only is glad to present views different from its own, but is eager to present such views, either as the report of a public statement, as an interview or as a letter to the editor. To be candid, not only do the publishers think that that is good journalism, but they believe that it is good business, just as so many daily newspapers believe that it is good business to present only one side of the question.

However, much as we believe that it is our

business to express opinions on this page, we do not believe it is our business to trumpet up opinions for their own sake. They must be honest opinions, honestly held and honestly, or even indignantly, expressed. Now we must confess our lack of any strong opinion about Canada's war-time election. We have opinions, even indignant opinions, about many of the individual acts and statements of the leaders and supporters of the two parties, but just at this particular moment in Canadian history, we can't see one party as all right and the other major party as all wrong, nor can we see one party as very right and the other as very wrong. Now we are conscious of the sympathy, or even the scorn, with which some readers may greet this confession, but those of them who take into their homes as daily fare one partisan newspaper, imagining that they are getting both sides of the story, have us at a disadvantage. We have to read both sides of it.

Neither party's program, if either may be said to have a program, impresses us much. Neither party seems able to see beyond its own nose. Both clamor for the privilege of office during a wild orgy of spending in the name of war but by no means confined to the war, nor likely to be confined to the war. Neither seems to see the psychological opportunity for a step forward toward a new economic democracy, an opportunity to put every man to work or to school, an opportunity to bring about unemployment insurance as a war measure, an opportunity to abolish Canada's expensive and useless senate in the name of economy, an opportunity to nationalize all Canada's railways, an opportunity to nationalize those industries which refuse to accept war contracts on a five per cent profit basis, an opportunity to level up wealth with the imposition of income taxes and death duties as heavy as Britain's, an opportunity to play a part in forming the world opinion which will determine what sort of peace will follow this new sort of war.

No, we are not enthusiastic about either of the old-line parties. We feel that we can do more good by fostering, to some small extent, the independence of thought on the part of the public which will eventually wake our old parties to new visions or sweep them aside in favor of new parties, new deals and new horizons. When an election presents a clear issue to us we will not hesitate to "plump" for what we regard as better. In the meantime we can't help remembering what we once read in a textbook, namely, that a jury of judges learned in the law would not reach a wiser verdict than a jury of men from the street. In our opinion, a jury of newspaper editors, with our vested interests, would not reach as wise a decision in the present election as will the people themselves, with the advantages and the disadvantages of the advice and information which their newspapers have showered upon them. We leave it to the people.

In spite of inclement weather conditions a goodly crowd attended an illustrated lecture, given in Christ church parish hall on Wednesday evening, March 13. The guest for the evening was Edgar T. Jones of Toronto, field secretary of the Boy Scout Association, provincial branch.

Mr. Jones showed several interesting slides telling the story of the great Boy Scout jamboree which was held in England a few years ago. During the course of his remarks, the speaker stressed that one of the main objects of the jamboree was to foster a spirit of goodwill, fellowship and peace among the boys representing almost every nation in the world.

A brief sing-song was led by Kenneth Morton.

Proceeds of the evening were given to the local branch of the Red Cross. Arthur Badland, on behalf of the audience, moved a vote of thanks which was seconded by Thomas Crandell, to the speaker of the evening.

On Wednesday afternoon at 2 p.m., there will be a meeting of the W. A. in the parish hall, when the pastor will give a short address on the meaning of Maundy Thursday.

On Good Friday a service will be held in Christ church at 8 p.m., and on Easter day special services will be held at 11 a.m. and 7 p.m. The services will be in the charge of the pastor.

DEATH TAKES TWO
SCHOMBERG RESIDENTS

The Women's Institute sponsored another in the winter series of euchres last Wednesday, March 13, in the club-room. Prizes were won by Mrs. W. Sloan and Mrs. A. Stewart for the ladies, and Walter Aitchison and W. E. Dale for the men.

On Thursday afternoon the regular monthly meeting of the Women's Institute was held in the club-room. Mrs. E. J. Pearson and Mrs. Kay acted as hostesses. The program was arranged by Mrs. Dale and Mrs. Hart and consisted of a very fine address by Dr. A. F. Kay on some interesting views in the life of the famous quintuplets. Irish songs were sung and current events were given by Mrs. C. Marchant. Little Miss Evelyn Hunter gave a song and dance and an Irish contest closed the program. After the singing of the national anthem, refreshments were served.

St. Patrick's church held their annual euchre and dance last Friday evening in the town hall with a good crowd attending.

The death occurred last Friday of William O'Connor, at the home of his daughter, Mrs. Cecil Maynard, in his 77th year. The funeral was held on Monday morning in St. Patrick's R. C. Church, followed by burial in Mount Pleasant cemetery, Toronto. He is survived by his widow and two daughters, Mrs. Maynard and Mrs. Russell Fuller, both of Schomberg.

Another death occurred here last Thursday when Mrs. Laura Maynard passed away after a lingering illness of some months. Mrs. Maynard was 65 years of age and was formerly Laura Stizley of Newmarket and Kettleby, but has resided here for a number of years. Her husband predeceased her. She leaves two adopted sons, Ted and William, and one sister, Mrs. A. Lloyd of Schomberg, and one brother, Ed. Stizley of Windsor.

The funeral took place on Tuesday from her late residence to the United church with Rev. Mr. McEwen in charge. Interment followed in Newmarket cemetery.

The ski club went on their usual Sunday hike and had supper with the members at the home of Jos. Sutton.

Mr. Harry Kay, instructor of the I.C.A.F. at Camp Gordon, has been home on a week's leave with his parents, Dr. and Mrs. A. F. Kay.

Mrs. John Gould is again quite ill, at the time of writing.

POLICE COURT QUARRELLED OVER HOW TO CLEAN SEPARATOR

Charged with setting fire to a dance hall at Port Bolster on Oct. 28, 1939, Robert Menzies, Toronto, was remanded on bail of \$3,000 in police court here on Tuesday. Accused's mother put up the money.

Roy King of Brock township was remanded on bail of \$2,000 on a similar charge.

When Magistrate W. F. Woodliffe called David Williams, Aurora, on a charge of driving on Feb. 25 while his license was suspended, L. C. Lee, his counsel, said that Williams was ill in bed and produced a doctor's letter to this effect.

Mrs. Dudley Carley, Newmarket, charged with having a female dog without a license, said that the animal was a gift to her daughter. She said that Wellington Curtis, who is the town poundkeeper and seller of dog licenses, had been at her home several times and had warned her husband, who is a soldier, to obtain a license.

"As far as I am concerned," she said, "I do not want the dog." "Then get rid of it," said the magistrate.

"I will pay the license if I can wait until the end of the month." She was given two weeks in which to do so.

Three charges were laid against Herbert Ellis Whan, Toronto, by Provincial Constable Alex. Ferguson. On March 21, it was charged, accused side-swiped a car driven by Mr. Barselaar, Jr., on the No. 11 highway and left the scene of the accident.

Barselaar related how he had seen a car coming toward him apparently out of control. This car was going north and in order to avoid hitting it, he had to swerve as far to the right as possible on the three lane highway. He said that the jolt was quite noticeable and that the mirror on the windshield snapped off its hinges and fell in pieces in his father's lap. He further testified that the accused should have noticed the jolt also. Barselaar said that he chased Whan as far as the corner of Yonge and Eagle Sts., about four miles from the scene of the accident.

Mr. Barselaar, Sr., who was with his son in the car at the time of the accident, testified that what his son had said was correct. He stated that he was sitting at the right side of the car and felt the impact.

"Did you see the accused after the accident?" asked N. L. Mathews, K. C., for the crown. "Yes, his finger was caught on the wheel of our car. He got out and fixed it and then drove away."

Prov. Con. Alex. Ferguson stated that, on the morning of March 2, he received a call giving a description of the car travelling north. He in turn telephoned Constable Dean of Bradford, who caught Whan. Ferguson then went to Bradford, examined the car and questioned the driver.

Whan admitted the accident but said that, as there was a hill, he was not able to see if the party had stopped. He thought that they had gone on. "I won't swear that I was on my right side of the road, but in my estimation I was on my right side of the road."

"There is no hill there. The visibility is excellent," said Constable Ferguson.

"According to the charge," continued the defendant, "I am charged with not stopping. As for that, I intended to stop at Bradford."

"That is not what it says," interrupted the magistrate. "You left the scene of the accident without rendering assistance." "I didn't see the gentlemen. There must be something the matter with my vision."

"You passed through Aurora?" asked Mr. Mathews. "Yes, I guess I did."

"You knew there is a constable in Aurora?" "I didn't think of that."

"How long have you been driving?" asked Magistrate Woodliffe. "On and off for five years."

"And you are 19 years old?" "Yes."

"You should have seen the truck. There is no reason for hitting it."

"Have you ever been arrested before?" "No."

The accused was fined \$10 and costs or ten days in jail for dangerous driving and for leaving the scene of an accident \$15 and costs or ten days in jail. The cost of repairs to the truck was settled out of court.

The magistrate further recommended that Whan "be prohibited from driving a car in Canada for the next year."

Coleman O'Flaherty pleaded not guilty to a charge of assault on Peter Marron, who worked with him on a farm near Gormley. Marron, when called to testify, stated that on March 16 he and the accused were trying to thaw out a separator. He wanted to use oil but O'Flaherty insisted on using salt.

"I said, 'Do you want to ruin the man's separator?' He struck me as I went into the milk house. He punched me in the mouth and kicked me."

O'Flaherty replied that Marron had been nagging him and casting slurs on his family. He had slapped him but did not kick him.

"You have to learn," said the magistrate. "To keep your hands to yourself. If you do fight, pick on a man your size."

Accused was fined \$5 and costs and was bound over to keep the peace.

McRuer Charges Manion's Government "Camouflage"

MULOCK DEFENDS GOVERNMENT'S WAR EFFORTS AT LIBERAL MEETING

On Saturday evening supporters of W. F. Mulock, M. P., liberal candidate, held a well attended meeting in the Mechanics hall, with Brigadier-General C. L. Hervey, Rev. C. Mesley, and J. C. McRuer, K. C., of Toronto, and the candidate as speakers. L. C. Lee was chairman of the meeting, while Thomas Blackburn of King township was seated on the platform.

"Heavy war estimates were not popular in this country the past few years," said Mr. Mulock. "We could not move ahead of public opinion, and we took as many steps to protect this country as any other government would have done," he declared. He charged war estimates had been pared down to the lowest point possible, previous to the government assuming office, and that they had taken steps in accord with sound policy to gradually increase these.

"You need experience at the helm now," he said. "Where will Dr. Manion get experienced administrators? Will you replace men who have the workings of their departments at their fingertips? I am confident the electors have too much commonsense to do that, and that we will be returned to office."

Brigadier-General Hervey was introduced to the meeting as a former soldier and Conservative, who was supporting the King government in this campaign. He was satisfied with the war preparations and the progress made by Canada.

"There are minor mistakes, but as a matter of policy much of the real work done cannot be revealed," he said. "It is no one's business but those in charge."

WOMEN HEAR CAPT. GEORGE DIX

A women's meeting was held in the Royal theatre on Tuesday afternoon by supporters of the national government candidate, Capt. Geo. Dix. Following a full length feature picture, Mrs. Clifford Case took the chair and introduced Paul Angle of Richmond Hill.

Mr. Angle dealt with the economic problems of the home, and the humanitarian side of public policy. He felt that only a national government could solve the problems of the day.

Dr. C. R. Boulding spoke briefly as did Capt. Dix who arrived late at the meeting following another meeting at Roche's Point. The candidate expressed satisfaction with the announcement that Dr. Manion would include a woman in his cabinet and urged his listeners to consider the importance of this election to themselves and their families.

Rev. Capt. C. E. Mesley of Toronto was introduced to the meeting by the chairman as one who had served overseas with distinction, and had the evening before been given "the third degree" by the chairman at an alleged meeting of the Canadian Corps, and refused the right to address the meeting. Capt. Mesley deplored the attempt to bring veterans' organizations into the political arena.

J. C. McRuer alleged Dr. Manion's campaign was one of "camouflage," an attempt to elect the Conservative party under another name.

"Only the Liberal party can keep national unity," he said. "We have a real national government now."

TIGERS LOSE OUT TO GREYS BY ONE GOAL

With two minutes and thirty seconds left to play of regulation time, a wild swing at the puck by Tommy Burlington, which barely eluded Joe Tunney, who had left his net, stole at least a tie from the Tigers in their gallant stand last Friday against the Owen Sound Greys. The score was 4-3. The teams were very evenly matched. On the night's play a tie score would have been a fairly accurate indication of the competition.

Aurora tallied twice in the first period, Pearce taking a pass from Lowe and McComb after some intensive battling inside the Owen Sound blue-line. Cummings got the next counter at 16:53 after Curtis had carried the puck over the blue-line, and passed to Michaniuk, who set up the play for Jimmy. Tunney pulled off some near miraculous stops from the Greys' crack marksmen, Burlington and Prokop, which drew rounds of applause. Brennan, playing another strong defensive game, got in some telling body checks. As the period ended McComb drew a penalty for tripping.

Pinky Lewis' pass came out for the middle round determined to apply the pressure and they did just that most of the period. At 2:55 Prokop fired home a beautiful shot from the upper left hand corner, beating Tunney all the way. Curtis drew a cheap penalty for slashing and Johnston combined with Russell to tie the score before he left the penalty bench. Four minutes later Gee got a soft goal as he circled the net and pushed the puck past Joe who was expecting a pass-out. McComb knotted matters again as he rapped home the rubber late in the period following relays from his line-mates, Pearce and Lowe.

The final frame was definitely the Tigers', as they massed a determined raid on Dundas' cage. Cummings had a chance to win the game but fanned on the effort as did Michaniuk when he was in the clear. Tiger supporters were optimistic for the Greys appeared to be fading and then when overtime seemed imminent, Burlington, who on the night's play deserved at least one goal, got the winning counter following a wild race for a rolling puck with most of the Tigers up the ice. Seconds later the same Burlington got the gate and Tigers really ganged hard, only to have Brennan draw a penalty for alleged puck-holding in the centre ice zone.

Too much individual effort cost the game, as passes at the right time would have probably elicited for goals. Pearce, Lowe, Brennan and Tunney looked a little better than their fellows. Cummings' line had the job of the Sound squad, Prokop, Burlington and Hale, and they made a good job of it, three of the four goals being scored against the Pearce line. Burlington, Prokop and Stanley were the stand-outs for the Greys.

Aurora: goal, Tunney; defence, Curtis and Martin; centre, Pearce; left wing, McComb; right wing, Lowe; alternates, Scott, Brennan, Michaniuk, Cummings, Donkin, Cook and McGhee.

DOWN THE CENTRE

Bill Long, former member of the Pittsburgh Hornets, finished the season as coach of Barrie Colts. We've not learned what happened to Tommy Thompson. Not so many weeks ago it seemed certain Tommy would be back next year; now it looks like no dice.

Owen Sound Trappers are the favorites of the Georgian Bay fans as they go on their way in the Intermediate A round-robin. The Greys, who are in the "bird" series in Junior B, have been getting the cold shoulder from the fans, the gate against Aurora on Friday being less than \$70. No competition is the reason Owen Sound sport writers give for this feature, whereas the fans say it's because of imports to the team replacing the local lads, Stanley is the only Owen Sound boy on the team, now that Seabrooke has been cut adrift by Pinky Lewis. Dundas, the goalie, is from nearby Markdale, and we think Boddy is from the district too. The rest of the team mostly from Hamilton, West Toronto and other points. Tiny Teasdale, who has gone back to the States, certainly lent a willing hand to Charlie Rowntree and made a real contribution towards improving the defence. Horn and White of Orillia, whom local fans will remember as the star of last year's Orillia juniors, and this season played intermediate for the Couchiching centre, has heard the cry of the Trappers and is already in Owen Sound for next year's team. They don't lose any time moving in Grey county if they want players. Frank Smith, general manager of the Sounders, has his eye on one of the Tigers and really expects to land him. We told Frank he couldn't do it as the boy in question really likes Aurora and his job.

King City won the Stouffville title after a nerve-racking series with the underdog White Rose sextet. The first game was a 4-3 overtime win, while the second game was a scoring fest ending 8-7 for the King lads. Interscholastic basketball honors were evenly divided this year. Aurora took the junior boys' title in a well-played series. They are a smart team, and Norm Johnson would have made no mistake to have moved one or two boys up to the senior five before the finals in that series. Newmarket took honors easily with a girls' team that exhibited both beauty and cleverness on the court. Richmond

Hill annexed the senior honors 19-12 in a play-off at Pickering. Some of the stars of the Aurora team faded like morning glories under a withering passing attack. If Aurora had kept rushing their opponents to death instead of allowing them to get set it would have been a different story. Joe Morris of the Hill team is one boy with a definite future in the cage game. He is the smoothest ball handler seen in years by these old eyes, and he has plenty of the old zip.

Mae Fry once again demonstrated her fine athletic qualities by winning table tennis honors at the high school. This young lady was easily the best forward in the girls' series at basketball, and her track and field records are known all over the county. She plays a nice game of tennis and badminton, and is definitely a smart skier.

Niagara Falls dropped out of the Junior B Round-robin series to concentrate their efforts on the Intermediate B series. If we are to believe all we hear, at that the Falls team had a real reason, as the majority of their team were ineligible for the junior series as they had nearly all played two games in the higher series. Oshawa Bees suffered too, because they had to drop some of the A players they used intermittently throughout the season when the B play-offs started. Incidentally, in their loss to Waterloo 2-1, they played without "Gus" Hewson, and Gr. Peters, regular centre and left wing, and also Jack Hewson, relief forward. So they made a fair showing considering it all.

Markham Aces are Junior C finalists as a result of their win over Sundridge. They will meet Bolton or one of Grimsby and Elmira. We think that Bolton will be the team, and we're calling the Peel boys to take the series.

Sundridge went down battling on Monday night, and had as much of the play as the Aces, but a four goal lead was too much for them to overhaul, and as a result, Bangay & Co. were allowed to coast in on the 15-year-old Eppier in the northern nets. Personally, we think C hockey must be below par this year a bit. Markham on their own ice weren't impressive, and Sundridge, the northern survivors, were not nearly as smooth as fast as the Orillia and Collingwood teams we saw last winter.

Liberals Object To "Corps" Meeting As Political Plan

SPEAKER SAYS CORPS SUPPORTING CERTAIN NATIONAL MEN

A veterans' meeting, to hear Col. Reynolds, president of the Canadian Corps Association, held in the Mechanics hall, Aurora, last Friday night, proved hostile. Liberals appeared at the meeting and declared that the purpose was political. Lorne C. Lee, Aurora barrister, objected that the meeting was being held under "false pretences."

Dr. C. R. Boulding, chosen chairman, said that the meeting had been called by the Newmarket Canadian Corps Association because there was no available hall in Newmarket.

Rev. Capt. Frank Mesley, Toronto, who appeared the next evening on an Aurora platform with W. F. Mulock, Liberal candidate, offered prayer, asking that "truth will prevail." He interrupted the speakers several times.

Col. Reynolds said that the corps was not in politics but was definitely backing several national government candidates. "I hadn't intended to say anything about politics, but unfortunately some of you here are insisting on it," Col. Reynolds said. "We think that in time of war there should be a national government, but the national government party is not a true national government party. You can't take a point-blank and point out the word Conservative. Mr. King is not a war-time leader. He is a North American isolationist."

Col. Reynolds disagreed with figures which Mr. Mulock had used in regard to war supplies on hand last September. Mr. Lee protested that Mr. Mulock had secured his figures from the ordinance department. Col. Reynolds replied: "I don't doubt Col. Mulock's sincerity. His figures were secured in good faith, but my information is absolutely correct. He has been misinformed. The minister of defence gave me the facts today."

He agreed that the Liberal candidate had spent a lot of time on veterans' matters.

TIGERS PLAY MONDAY

Owing to a change by the O.H.A., the Maple Leaf Gardens will be the scene of the return game in the round-robin junior B series on Monday evening, March 25, at 8.30. The game was originally scheduled for tomorrow. The hockey club executive desires to point out to the fans that in this series, the dates, venue, and prices are set by the O.H.A. committee in charge.

CONSERVATION, VISION, EFFICIENCY DEMANDED

(Issued by National Government Party Association)

During the past week great activity has been centred around Rev. Capt. Geo. M. Dix, who is conducting an intensive campaign in the interests of the National Government party.

At various house and public meetings and throughout the whole constituency, Capt. Dix is meeting the electors of the riding and his workers, and is instilling in them an enthusiasm which bespeaks results. He stresses in all his public utterances that the great issue of this campaign is the securing of an efficient, active and progressive government that will give to the people what they really desire.

Everywhere he goes he is confronted with the situation which points to inefficiency and lack of vision on the part of the government. He points out that the government, in its attitude of refusing to face parliament at this critical time, shows evidence of its unwillingness to permit presentation of the facts in debate on the floor of the house. Records in Hansard, in public addresses, over the air, prove statements made by Capt. Dix, candidate for the National Government party in the riding of North York.

In his speeches Capt. Dix points out that the main issue of this election is the securing of a government which will prosecute the war satisfactorily. Another great issue at stake is that of democracy, he declares; in order to maintain this democracy leadership given must have the whole-hearted endorsement of the people, and in the selection of such leaders the people themselves have a voice. If voters remain at home, take no interest in the election or mark ballots simply for the sake of marking them, he points out that there is a danger of not securing a real democratic government. At this time a government of vision, containing the best brains of Canada, and men of experience and high ideals, is what every voter should demand when he marks his ballot.

Capt. Dix points out that his experience in the war, in the work of the Presbyterian church, in educational and governmental matters, equip him with the qualifications to make a definite contribution to a national government. He asks that the electors of North York give full consideration to his claim and that they think seriously before marking their ballots, remembering that the issues are the prosecution of the war to the end, with a conservation of the assets of Canada, and the maintenance of a true democracy. Mr. Dix is holding meetings throughout the whole of the constituency and invites all the electors to attend so that they may become conversant with the issues of the election.

Tigers Lose To Waterloo, Greys and Siskins Now Lead

ONE COUNTER DEFEATS TIGERS AT KITCHENER IN LAST MOMENTS

Fate acted unkindly against Aurora Tigers, as Waterloo Siskins scored the odd goal in 13 counters to take a 7-6 win in Kitchener arena with a minute and a half to play on Wednesday evening. Waterloo had a 2-1 margin as the first period ended, while the second period saw the game tied, only Hainsworth's brilliance in the nets saved the Siskins. The last period saw the locals go out in front by two goals, but a penalty to Martin saw Siskins take the lead after he had whittled the lead to one. Aurora tied it up at the 18-minute mark, but were caught up the ice on a gangling attack 30 seconds later and Waterloo picked up a loose puck to score.

Aurora goal-getters were Michaniuk (2), Martin, Cummings, Lowe, McComb and Pearce. The win enabled Siskins to tie the Owen Sound for the round-robin lead. Owen Sound and Waterloo now have four points, while Aurora, Brantford and Oshawa are all tied with two points each.

STAR NETMINDER
Joe McChes is one of the main reasons that the Aurora Tigers have progressed so far in their quest for junior B championship honors.

AN INDUSTRY *Pledged* TO THE FURTHERANCE OF AGRICULTURE

Founded and developed on the basis of helpfulness to the farmer, the implement industry is entirely dependent on the prosperity of agriculture for its own success.

Through the years the implement maker has, with quality of product and genuinely helpful service, won the high regard and goodwill of the users of his product. There are few farmers who do not value sincerely the service of the implement company.

Lack of understanding of some of the problems of the industry may give rise on occasion to criticisms that seek to detract from or disparage the part that the implement maker plays.

In the light of the facts, however, misunderstandings vanish and a better appreciation results.

Farmers' Equipment Investment Greatly Reduced

Most of the discussions on prices of implements, comparing them with those of years ago, for instance, fail to take cognizance of the improvement in methods that have taken place, resulting in the use of different machines from those of a quarter-of-a-century ago.

The One-Way Disc Seeder has displaced, to a serious extent, so far as the manufacturer is concerned, several other machines, and it does so because it cuts the cost of tillage and seeding by from 40% to 50%.

The small combine has spread the use of this method of harvesting until the sale of them now almost equals that of binders. And this because it costs only 26c per acre for cut-of-pocket expense to harvest with the small combine as against \$1.90 per acre by the Binder-Thresher method—a saving of \$1.64 per acre.

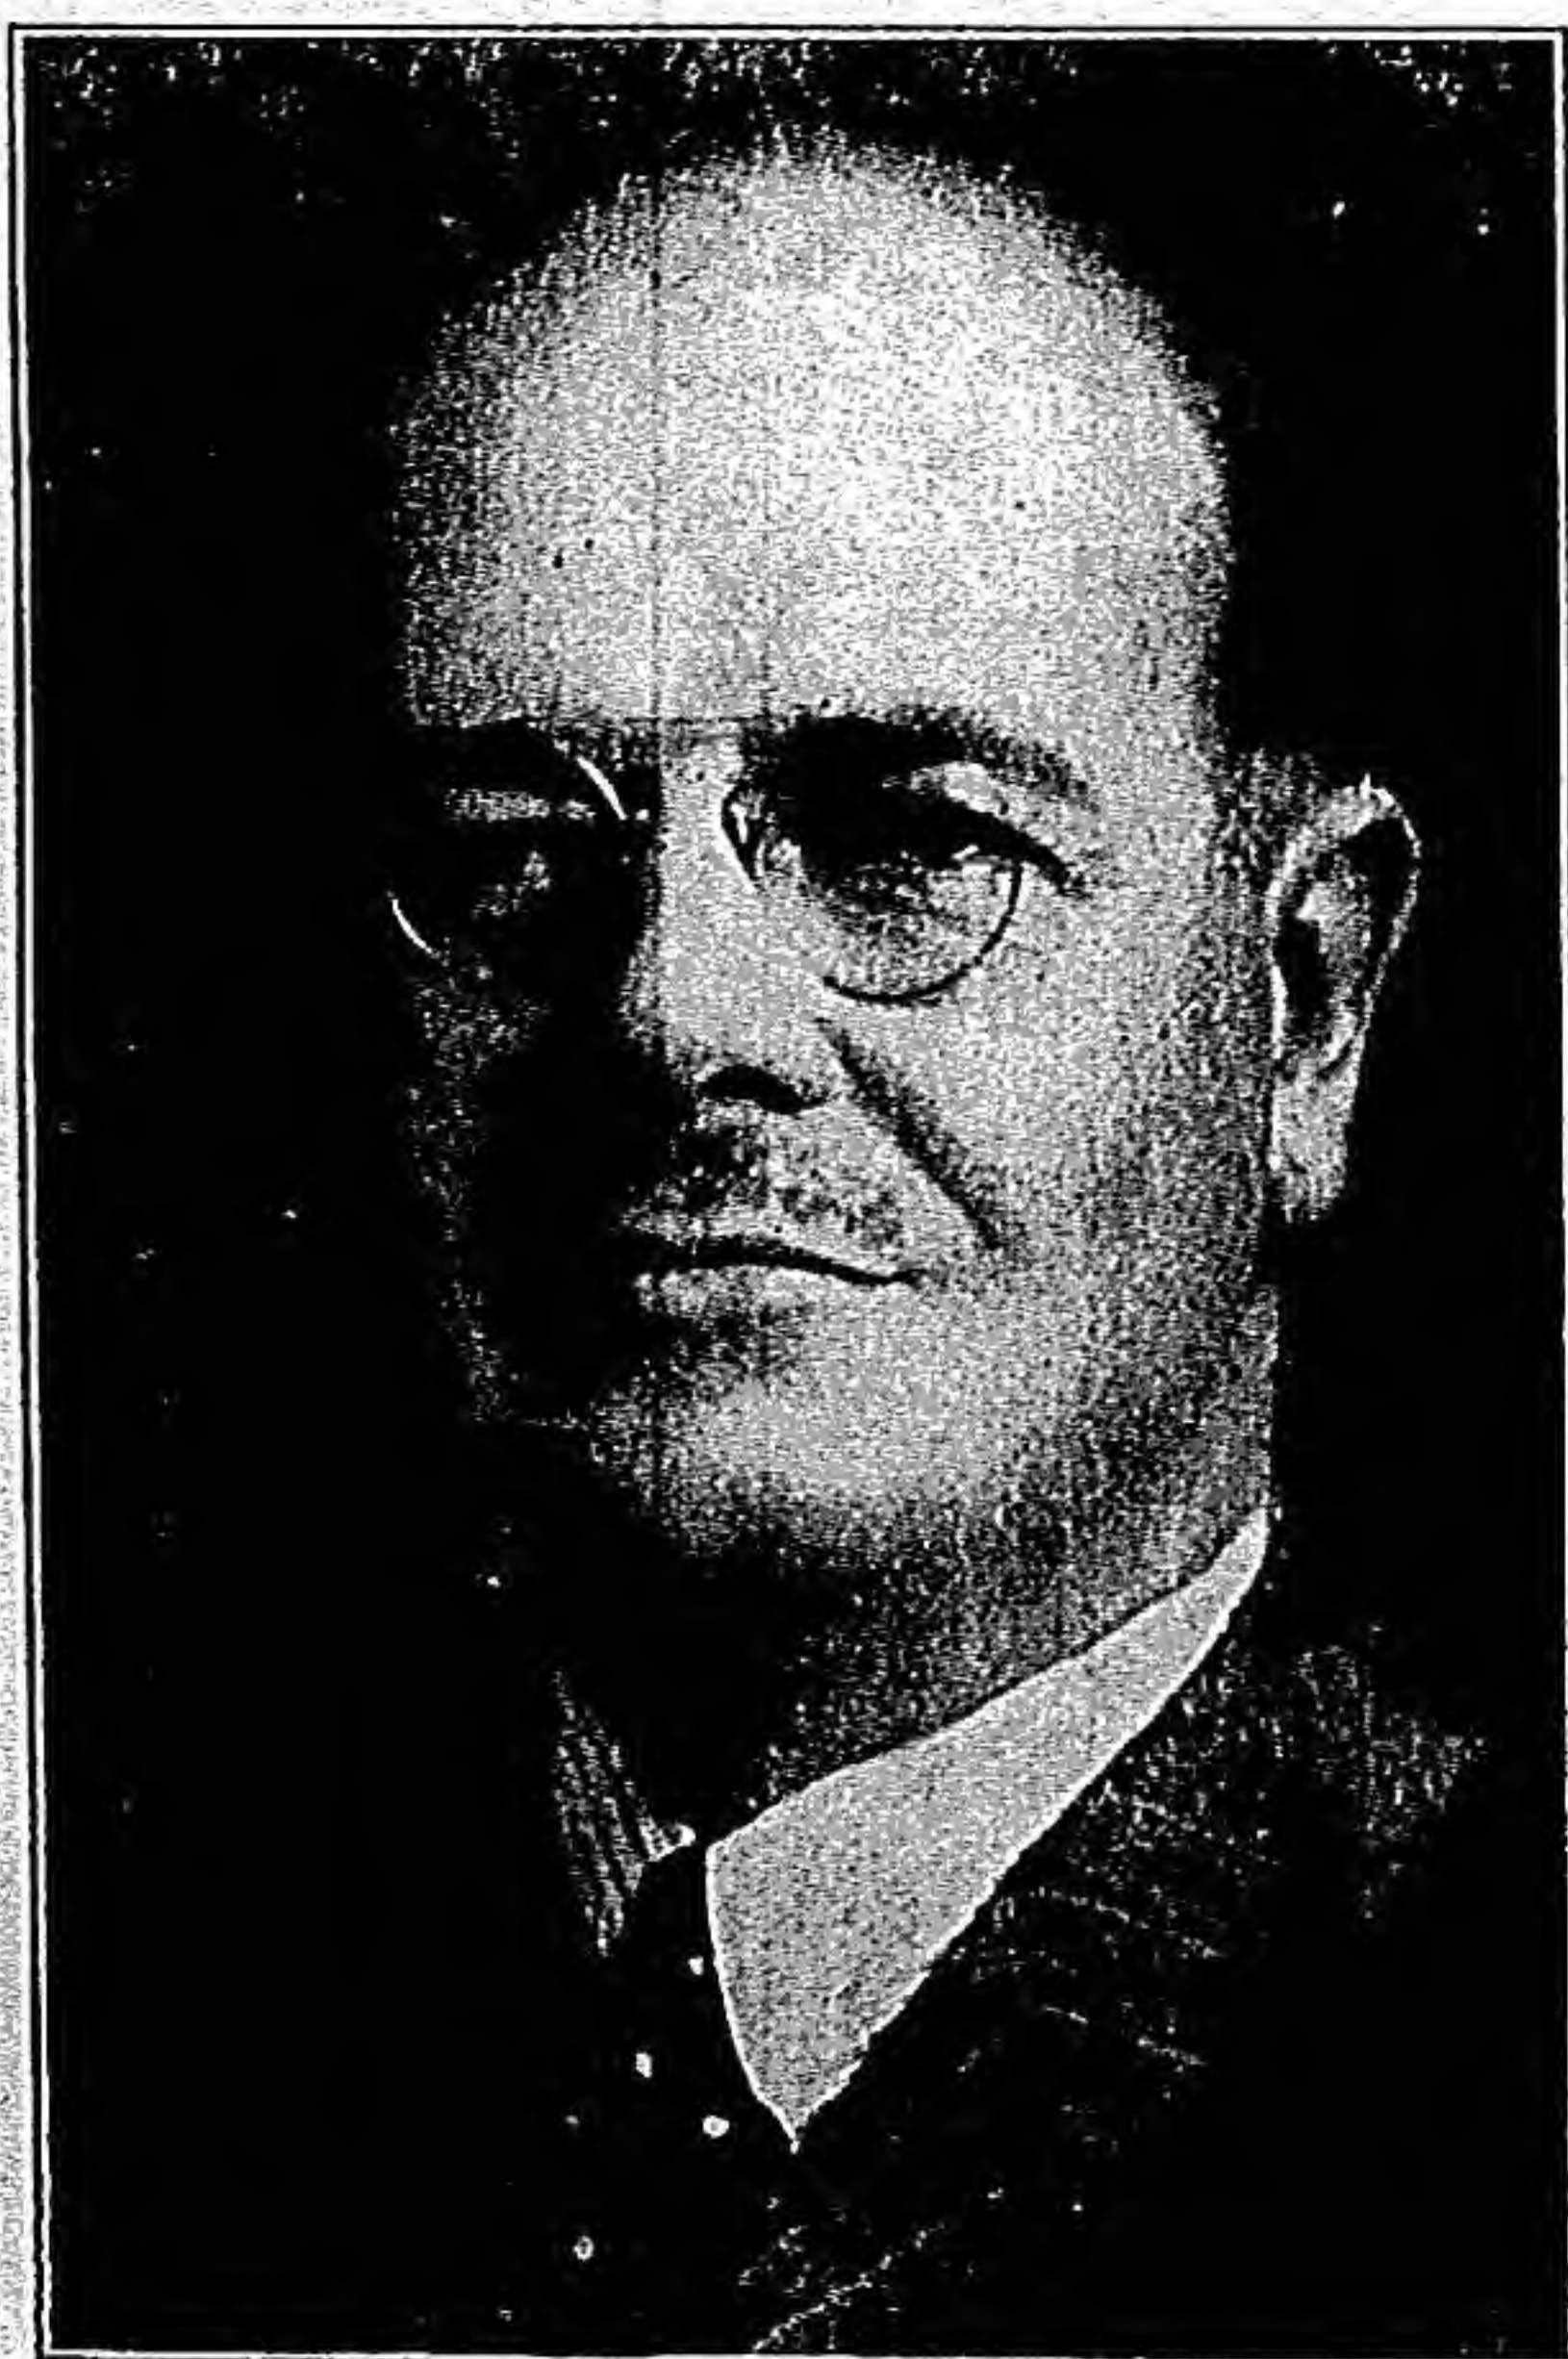

The wheat farmer can equip today with the latest tractor and tillage and harvesting equipment at 28% less than he could for comparable machines ten years ago—equipment, too, that enables him to cut the costs of his operations by over 50%.

This is the contribution of the implement industry to the furtherance of agriculture and Massey-Harris takes pride in having played an important part in it.

Eversley

It looks as though Easter would find the country piled high with snow. If not—there may be floods of waters. At present the snow is piled high on the sides of the road, running like a miniature mountain range of white. On the back roads it is reported snow is piled 14 feet deep.

However, a few mild days like Sunday would make a big difference.

Spring is moving time and even in this old family township some changes are made. Wm. Lloyd, Mrs. Lloyd and Vivian move shortly from the old Henry Rogers' farm to Alliston.

Mr. and Mrs. Wilson and Miss Alice Wilson of Toronto and Mr. Douglas Wilson of London were guests of Rev. and Mrs. R. V. Wilson at the parsonage on Sunday evening.

Those who attended church on Sunday night at the United church had the pleasure of hearing Miss Alice Wilson of Toronto

tell of her visit to the "Passion Play" given at Oberammergau, Germany.

Miss Wilson, with a party from the United church, took this tour some years ago and Miss Wilson tells the story in such a descriptive way that one almost felt they had seen the real play. It was a very fine beginning for passion week, before Easter Sunday.

A service will be held on

Good Friday morning in the United church at 11 o'clock, to which everyone is invited.

On Easter Sunday at the morning service the junior choir, under the leadership of Mrs. M. Lyons, will provide the music, with Rev. R. V. Wilson taking the service. The evening service will be taken by Rev. Mr. Wilson with Easter pictures, and the senior choir will sing.

A public meeting will be held in the town hall on Monday, April 1, to make arrangements for sports day, June 1. All are asked to try and be present.

The Irish party held in the hall on Friday night was a success in every way except that there was not enough room for all to dance at once. Very few took advantage of the many nice prizes given for fancy and comic costume, old-time dancing, etc. The men had spent some time decorating the hall, which looked very nice, and the board were well satisfied with the evening. The concert in the hall last Wednesday evening put on by the continuation school, was well attended and the play, "Altogether Reformed," was well acted by the students, most of whom had never been in a play before. But they have made a very fine beginning in dramatics, thanks to the teachers, Mr. Butler and Mr. Barnes. The music by the school glee club and Mrs. Marie Draper Lyons was also enjoyed. The shields donated to the school were also presented to the pupils winning them last year.

Kenneth Ross of the school board was the chairman of the evening and spoke very highly of the progress the school is making.

Mr. Frank Ross and Miss Verna Pearson attended the skating carnival in Toronto on Friday evening.

Miss Elsie Steeper spent the weekend in Toronto.

Mrs. Stenhouse of Sutton has been visiting her sister, Mrs. Dawson Dike.

Mr. H. Griffith has moved into the house recently vacated by Mrs. Will Thompson, who has gone to live with relatives at Bogartown.

Mrs. John Armstrong of Saskatchewan arrived in town on Saturday morning on account of the illness of her mother, Mrs. Geo. Harrison. Mrs. Armstrong was formerly Miss Gertrude Harrison.

The Women's Institute held its annual banquet on March 15 in the United church. About 100 sat down to a sumptuous meal. Mr. Schultz of Brantford, and Mr. Gage gave a very interesting talk with pictures on chicken raising and also had films on the visit of the king and queen to Canada, Banff and skiing in Quebec. Community singing, with violin by Rev. R. V. Wilson, and a solo by Mrs. Donald Stiver were also appreciated.

The following pupils of the continuation school won shields in the different grades: grade 12, Margaret Ross; grade 10, Betty Ross; grade 9, Leslie Barnes; grade 8, Bernard Pegg.

MOUNT ALBERT LIFELONG RESIDENT. MRS. G. HARRISON DIES

Another one of the older generation passed away on Monday in the person of Mrs. Geo. Harrison, who has been in ill health for some months. Mrs. Harrison was formerly Melissa Mainprize, a daughter of Wm. Mainprize, one of the first settlers in this part, and had spent all her life in this community.

At the time of her death, Mrs. Harrison was residing with her daughter, Mrs. Lorne Bagshaw, of Udonia. A son, Arnot, resides on the home farm on the ninth concession and Mrs. Vernon of Scott and Mrs. J. Armstrong of Saskatchewan are the other daughters.

The funeral was held on Wednesday at Mount Albert United church with burial in Mount Albert cemetery.

FLOWER ARRANGEMENT

Do you ever have flowers that you feel should dress up your home like a dream of spring, but when you have arranged and re-arranged them you feel you have still not done them justice?

Are your dinner-table decorations too high or too stiff? Do your flowers in the sick-room suggest cheer or are they just a bunch of flowers shoved in a jar? In other words, do your flowers express their full beauty and simplicity at your touch?

The Japanese make a study of flower arrangement from early childhood and are considered the most artistic of all people in expressing beauty by simple arrangement.

Would you like to have an expert show you how it is done?

Mrs. Percy Waters of Toronto will be at St. Paul's parish hall on Thursday, April 11, under the auspices of the Home and School Association, at 8 o'clock, with quantities of flowers and numerous and varied containers.

MINSTREL ENTERTAINMENT

PROMISES TO HIT NEW HIGH

"I got those old Virginia Blues"—yes, everybody has them, everybody will have them soon, for they are in the air, all around Newmarket — in the spring breezes, and in the mining steps of the members of Newmarket Minstrel's. Yes, blues and laughs, songs and jokes, fast-stepping rhythm from "Bailey and his boys," and occasional solos by such black-faced bombastors as Eugene McCaffrey, Murray Huntley, Ted Gould and Fred Hewson, Jr.

Under the capable direction of Alex. Eves, "Conville Cullud Band" will be there, too, in full array of martial uniform, policemen opening the crowds for them. See "Mamie" Firth keep her numerous children in good behavior. See well-drilling operations in full swing with Engineer Joe Cribar and Consulting Engineer Ken Johns trying to find water in Newmarket. See the tap dancers and Banjo Player Killo.

But see the whole thing. Enjoy a full three-act show complete with every form of enter-
